X-Base

X-Base w/ optional water bag

Carry bag (included)

PRODUCT DESCRIPTION

Introducing the Falcon Flag® Archway, the latest addition to the Falcon Flag® Flags lineup. Engineered with durable carbon composite poles—the same reliable material used in Falcon Flag® and Sunbird flag poles—this large archway option provides an impressive visual statement for both outdoor and indoor events. Spanning a generous 177” wide by 122” high (not including base height), the Falcon Flag® Archway captures attention with custom single-sided dye sublimated graphics on high-quality mesh fabric, offering vivid colors and excellent durability in various conditions. Designed to integrate seamlessly with the versatile X-base and spike base options, it ensures stability on different surfaces. The Falcon Flag® Archway is easy to transport and set up, featuring a travel bag that conveniently holds the poles, graphic, and base for enhanced portability.

DISPLAY SIZE	177” W x 122” H (Poles + Flag Only)

SET UP INSTRUCTIONS

1. Assemble mid pole set by inserting one end of each pole into the other. Poles are bungeed together for easy assembly.

2. Slide mid pole into pocket trim of flag. Once mid pole is fully inserted, make sure both ends of the pole are exposed.

3. Insert base poles into both ends of the mid pole to complete pole assembly.

4. Tether bottom of flag trim pockets to tether point on flag pole to complete graphic installation. Slide flagpoles onto mounting posts of spike or x-bas to finish archway set up
