PRODUCT DESCRIPTION

Modco Modular Display 21 is a three-dimensional 30' x 10' pre-designed exhibit booth. Stylish and lively, it incorporates a 30' wide backwall with three 10' wide sidewalls. This booth is made up of tool-free perforated modular aluminum frames and assembled with toolless pin connectors. Perforations are completely covered for a flawless finish.

Place graphic over the front of the frame.

Begin inserting SEG beading at each corner.

Insert the silicone beading with the fabric folded over. The silicone beading should not be exposed.

Using your fingers, push both fabric and silicone beading completely into the extrusions channel.

Continue to push in the remaining silicone beading on each side.

Check the perimeter of the frame for any excess beading that hasn't been pushed in. Graphic should be taut.
